FORK OIL 7,3

The Magicals Fork Oil is a fluid produced for all fork oil systems of any motorcycle trademark. It has a high viscosity rate, which allows a permanent snubbing control at any temperature, even in competition extreme conditions.

Compatible with any type of joints and retainers.
Miscible between them.
It eliminates foam formation.
It avoids oxydation by condensation.
Available in different viscosities.(2,5 - 5 - 7,3 -10)
Permanent stability and durability.
